# How the ApplyBoard Platform Works

## Step 1

### Create Student Profile and Get Matched

The ApplyBoard Platform, powered by artificial intelligence, matches students to suitable programs and institutions. Apply your students to multiple programs and schools with a single application.

## Step 2

### We Review and Submit Student Applications

ApplyBoard checks each application for completion and submits it to our partner schools for review.

## Step 3

### Your Student Gets a Letter of Acceptance (LOA)

Students can expect a 95% chance of acceptance to their school of choice with ApplyBoard. Once we receive the LOA, we will notify you and forward you their admission package.

## Step 4

### Apply for Your Student's Visa

We know you're already a pro at this step, but ApplyBoard will continue to work with you to ensure a smooth process.

## Step 5

### Receive Your Commission

Congratulations! Your student is successfully enrolled. After the school confirms your student's enrollment and issues payment, you will receive your commission within a few days.
